

Protect Your Home With Our Steel Guardian Guarantee

Our Steel Guardian Guarantee

Every Dorplex door comes with an 8 gauge steel plate that reinforces the door's lock block. We have had many customers tell us that this plate has prevented break-ins. This plate was developed by Dorplex and is **only available on Dorplex Doors**.

Does your customer know this?

We are so confident in our guardian plate that we will pay the damage deductible on your customer's insurance if their home is broken into through a Dorplex Door*.

Make sure your customer understands why Dorplex means **Doors Built Right**.

* Proof of Purchase Required - \$500 Maximum.
